Dear Sirs:

I am a student attending Western Connecticut State University in Danbury, Connecticut. I am preparing a college paper dealing with the Czechoslovakian political system, its controlling ideology, and its effects. I am looking to analyze Czechoslovakia's relationship with the U.S.S.R., other Eastern European nations, and the West. Also, I would like to study the differences between Czechoslovakia's political and economic systems as compared to that of other communist systems.

Could you please send me, if at all possible, information that would assist me in attaining the goals that I have outlined. I would greatly appreciate any help you could render that would aid in my being able to analyze and understand the Czechoslovakian political and economic systems.

Respectfully,
